

Talented Twenty

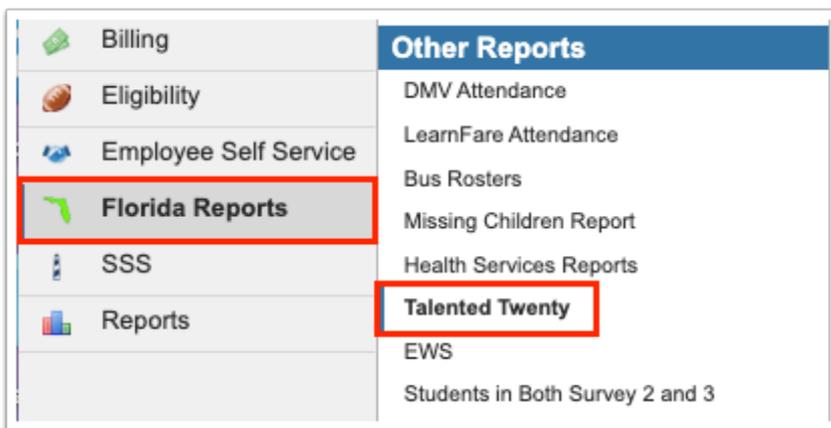

Identifying the Qualified Students

Focus has built a process to assist districts in identifying the students who qualify for talented twenty. This process does not encompass all of the talented twenty criteria, but it is intended to provide the district with a starting point for identifying the students who meet the following criteria:

- Students who have a minimum 3.0 GPA
- Students who do not have an alternative assessment for FSA
- Students that meet the minimum required credits in each graduation subject as required by Talented Twenty
- Students who meet the above criteria who are in the top 20% of the 12th grade class

i If a student is in the top 20% but is disqualified for the above reasons, another student will be selected in his or her place. The report will also highlight reasons students do not qualify.

1. To run the Talented Twenty process, from the **Florida Reports** menu, click **Talented Twenty**.

2. Select the **GPA** radio button, such as Weighted GPA, Unweighted GPA, or Custom GPA (if applicable for your district); this will be used to determine which students are in the top 20%.

This program updates talented twenty students.

3. The process can be run for the selected school, i.e. the school you are logged into via the school pull-down located in the header. If needed, to run the process for all schools, select the check box to **Include all schools**.

4. Click **Run Program**.

Run Program

The program updates the students' Talented Twenty field to NULL for all students in the selected school(s). Running this process then updates the selected students' Talented Top 20 field (generally located on the Graduation tab) to Yes for students meeting Talented Top 20 criteria.

The output of the application will show you the number of students selected, then the number of students that were in the top 20% that did not meet the 2.5 minimum GPA requirement, the number of students disqualified for alternative assessments, and the number of students disqualified for not meeting all the graduation subject requirements.

Talented 20

High School - 0331 (HS) had 56 students chosen for Talented Twenty.

High School - 0331 (HS): 0 students failed to meet the 2.5 GPA requirement.

High School - 0331 (HS): 3 students had an alternate assessment administered for FCAT.

High School - 0331 (HS): 3 students failed to meet the minimum required credits.

For the graduation subject requirements, Focus checks the course history grades as well as the courses in progress for the students to determine if they will meet the requirements for Talented Twenty by the end of their Senior year. Any students that fail to meet these requirements, but were in the top 20%, will be listed at the bottom with the credits they have earned combined with the credits they will earn at the end of the year.

Talented 20 Term

Format	Explanation
YYSP	(YY) Graduation Year, (S) Early or Summer Evaluation, (P) Practice or Production. Click here for more information.
Breakdown:	
YY	This is the two-byte graduation year: Example: "09" would mean that the student graduated during the 2008-2009 academic year
S	This is the evaluation term: 7 = 7th semester 8 = 8th semester 0 = 0th semester evaluation; used only when submitting Talented 20 transcript for early admit students
P	This sets whether the transcript is to be used for either Practice or Production: 0 = Practice (Evaluated exactly the same as Production, but no award notifications are sent to students) 1 = Production
