Notice the different colors displayed in the report. The colors represent the percentage of error-free data as in the WDIS Data Verification Reports. The legend is as follows:

- If data is 100% error-free, the font will be black.
- If data is 90% to 99% error-free, the font will be in blue.
- If data is between 80% and 90% error-free, the font will be in yellow.

- If data is less 80% error-free, the font will be in red.

4. Clicking on the individual report field allows you to run reports for that school or to view the error results that were returned in the report.
