

Survey 4

Student Demographic

Focus will report each student receiving instruction/service during that reporting period plus any student with a Discipline or Fed State record. Focus will send Homeschool students if they are concurrently enrolled at a district school receiving instruction.

Full time virtual school students must be enrolled and be scheduled in the Florida/districts virtual schools set up in Focus.

Student Course

Focus will report a separate record for each course for which the student in grades PK-12 is in membership, whether the student is FTE eligible or not.

FTE calculations depend on the type of summer program. If the student is attending a DJJ program or is in a funded ESY program, the FTE is based on the following formula:

$(\text{Weekly minutes} / \text{days meeting in the week}) * \text{days in session} / (900 * 60).$

900 is used for upper grade levels. Primary grade levels will use 720.

FTE for virtual school instruction is based on the grade level:

KG-5: up to 1 FTE is awarded for each student successfully being promoted to the next grade level.

6-8: up to 1 FTE is awarded to each student who successfully completes assigned classes (1/12 FTE per semester successfully completed)

9-12: up to 1 FTE is awarded to each student who earns credit in course work (1/12 FTE per .5 credits earned)

Teacher Course

Focus will report a separate record for each combination of Course Number, Section Number, Period Number, Term, and Social Security Number.

Focus will not report sections containing no (0) students.

Exceptional Student

Focus will report any PK-12 student who has an Exceptionality, and/or a Primary code other than Z, who also maintains a placement status of P or T.

Transportation

Focus will report any PK-12 student in membership during survey week who is assigned to a school bus, passenger car, or other vehicle.

In addition, Focus will report a Student Transportation format: students only transported to another district to receive instruction.

Focus Process

1. Transportation only students are enrolled in their own school. This is set up via the **School** pull-down on the student's Enrollment record. There is a special school (TRAN) that is set up to enroll students who are only being transported to another district and not actually taking any courses within the current district.

The screenshot shows the 'Student Info' page for Garcia, Fiorella (6612019424). The 'Enrollment' tab is active. The 'School' dropdown menu is open, showing a list of schools including 'Transportation Only (TRAN)'. A red arrow points to the 'TRAN' option. The 'Enrollment' table shows a record for the 2017-2018 school year, with the 'School' field set to 'Transportation Only (TRAN)'.
