## Student Demographic

Focus will report each student who is enrolled at any time in October in a school that has the School Type set as Department of Juvenile Justice. The Neglected/Delinquent code is reported as the designated school's school number (Setup > School Information > School Type pull-down).

**i** On the School Information screen, DJJ schools must have the School Type field correctly selected, as shown in the image below.

The screenshot shows a 'General Info' form with various fields. The 'School Type' field is highlighted with a black box, and its dropdown menu is open, showing a list of options. The 'Department of Juvenile Justice' option is selected and highlighted in blue. Other options include N/A, Charter School, IPEDS, College Board ATP, OPEID, ACT for postsecondary institutions, State assigned, Local School District assigned, NCES Common Core of Data, ACT for PK-12 institutions, Canadian College Institution Codes, and Canadian University Institution Codes.
